

Master Gardener Program™ 2018 Registration is NOW OPEN!

Love Gardening? The Master Gardener™ Program may be for you! The Master Gardener program is an Oregon State University volunteer program designed to assist those in our community with their gardening needs. Participants in the program receive formal training from professionals on topics such as plant problem diagnosis, basic botany, sustainable pest management and vegetable gardening. After receiving training, Master Gardeners participate in many volunteer activities in order to pass on their gardening knowledge to others.
